By the eco
the form

prefects and
monitors

We have put two senior six on each table so they can encourage everyone to eat all their food so it doesn't waste food. Some senior six are encouraging the little ones to try new food and they are doing really well. If the reception girls eat all their food they will earn a sticker.

We have started to do snack box checks and light checks again. We make sure no one brings a plastic bag or an unhealthy snack or a box without a name. We do light checks and give out a prize at the end of the term. We try to be a better Eco School every day!

The Eco Committee prefects have made a new eco board and we are going to show the inspector it and he will judge our school for the green flag a bit by that. On our eco board there are lots of things about how to save the planet and it tells you how and what to recycle. Something called the minutes go up every week on the eco board and it gives you a record of every eco meeting.

On Wednesday mornings there is an eco-meeting which is held by Mrs. Smith for the eco prefects and the form monitors. We discuss things that we then do to make our school a better eco-school.

Mrs. Crossley had an idea that we could have a huge balloon release for our 80th birthday. Mrs Smith said it wasn't good for the environment because animals eat the balloons. Mrs. Crossley came back with an eco-friendly idea which was to paint turtles instead. Turtles think that plastic bags and old balloons are their favourite food, jellyfish. The rubbish builds up in their tummies and they die. We have 80 turtles swimming across the dining room wall instead!

The eco inspector is going to come to school on the 22nd October. He is going to see if our school is still good enough to have the green flag. The eco monitors are going to take him on a tour of the school and he is going to talk to some pupils. I think we are going to have the green flag renewed because we try so hard!

Breaking News!

We passed with flying colours!!

Well done everyone!
